TOTAL				14,040

Note: a) The total target in the table above includes both approved and sanctioned targets for the State.

b) Andhra Pradesh is in the process of shortlisting the projects obtained through online application in order to allocate rest of the targets

Action points for the State:

1. To consider new projects received through online project proposal system of DDU-GKY
2. Utilization of administrative cost to hire dedicated team
3. The State is advised to follow the example of Odisha Rural Development Marketing Society (ORMAS) in hiring Gram Rozgar Sevaks (GRS) or Community Resource People (CRP) or Job Resource Person (JRP) who will support the candidate from mobilization through training to placement. The objective of involving this resource person in the Skill Development Programme under DDU-GKY is to mobilize, counsel and track the rural youth. As most of the resource persons belong to the same community and are familiar with the youth & their family, it becomes easier for them to mobilise and track them. An incentive upto Rs.600 per candidate may be provided in lieu of Rs.3.5 lakhs per year per block and 1.5% of the project cost under IEC funding in terms of Section 3.2.1.8 and Section 3.2.1.3 respectively of DDU-GKY Guidelines under Support Cost Norms. The suggested break up is placed below:
