It works on rural development especially Livelihoods improvement, Marketing of Rural Products and Skilling of Rural youths to improve the economic condition of rural poor households. The organization is headed by Principal Secretary, Panchayati Raj and Drinking Water Department, Government of Odisha who is the Chairman of ORMAS. Apart from its headquarters in Bhubaneswar, it has branch presence in all districts of ORMAS with adequate manpower. For day to day business of the organization vested with Additional Secretary to Govt. & Chief Executive Officer (CEO). To assist the CEO, there are senior administrative officers from State Government deputed as Additional CEOs apart from operational staff at different levels. For operation of Skill Development project there are dedicated staff along with a technical support agency (TSA) at headquarter and field level personnel have been engaged.

BASUDHA / Jal Jeevan Mission (JJM) program implemented in Odisha envisages providing Functional Household Tap Connection (FHTC) to all rural households. RWS&S, Odisha has traditionally been the main state sector institution for the design, implementation and operation of rural water supply schemes. With its decentralization initiative under BASUDHA / Jal Jeevan Mission, RWS&S, Odisha will hand over the water supply schemes to Gram Panchayats / Village Water & Sanitation Committees (VWSCs) for operation and maintenance and RWS&S, Odisha will provide larger technical and managerial support and leaving the day-to-day Operation & Maintenance (O&M) to Gram Panchayat / VWSCs. Local management will ensure

sustainable water supply to the communities.

5. Scope of Work and Task Outlined

5.1. Key Sector Issues Identified & Skill Gap

This requires competencies in the areas of Plumbing, Pump Operation and Electrical Maintenance etc. Currently, the existing Self Employed Mechanics (SEMs) / Pump Operators are managing O&M of the commissioned water supply projects. However, with saturation of villages with Single Village Schemes (SVS), there will be requirement of additional skilled human resources to manage these schemes.
- 5.1.3. Presently Plumbing and Pump Operation services are provided by approximately 13,000 the SEMs / Pump Operators. However, with increased large numbers of Single Village Schemes (SVS) / Multi-Village Schemes (MVS), there will be requirement of competent skilled human resources in plumbing and allied areas across the State.
- 5.1.4. A large numbers of Solar Panels operated water supply projects are in operation and more specifically in inaccessible areas.
